RESPITE CARE CAPITAL CAMPAIGN NAMING OPPORTUNITIES

Northern Colorado is growing, and with growth comes our opportunity to help more families who have kids with developmental disabilities. With your generosity, we can build a new home for Respite Care together.

Consider leaving your mark on our new facility with our many Capital Campaign naming opportunities! Please choose only one naming option, so as many donors as possible have a chance to claim a naming opportunity if they wish to (Exception for bricks/stones/plaques - max of 2 per family). When you donate, you'll do more than contribute to our dreams and goals, you'll make a lasting impression the community will remember.

We appreciate your interest in and support of our Capital Campaign! With care, we grow.

Guidelines for naming

Gifts to name any part of the facility must be paid in full within 3 years unless a longer period for payment of the gift or pledge is approved. The appropriateness of a corporate or family name in a public context will be taken into consideration when naming a part of the Respite Care, Inc. building. All potential names will be approved by the Executive Director and Board of Directors before placement.

Name Change/Removal

If at any time following the naming of a part of the Respite Care, Inc. facility, circumstances change substantially so that the continued use of the name may negatively impact the reputation of Respite Care, Inc., the Executive Director will consult with the Respite Care Board of Directors regarding further action. Respite Care, Inc. reserves the right to remove any name that would reflect poorly on the organization. A name in recognition of a charitable gift may be removed at the discretion of the Executive Director if and when the financial commitment is unfulfilled by the donor. The removal of a name requires the approval of the Board of Directors. The donor will be notified of the change in writing 60 days prior to the removal of their name. If a donor wishes to change the name on their signage due to a company rebrand, change in marital status, etc., the name can be changed at the request and expense of the donor.
